Description

Antique Chinese console, in perfect condition, retaining its original patina. This finely crafted piece reflects the timeless elegance of Chinese craftsmanship, and its intricately detailed design makes it an exceptional item.

Versatile and compact, it can serve as a desk, side table, or decorative element in an entryway. One of its unique features is its double-sided design, allowing it to be placed at the center of a room without the need to be against

a wall.

As a standout piece, it will add a touch of sophistication and refinement that will personalize any space. Its condition and timeless beauty are sure to capture the interest of antique furniture collectors. It was used as altar table by rich families in Qing Dynasty.
